

2023 Open House Schedule for ITC's Electric Transmission Infrastructure Project: Nelson Road to Oneida

New Haven Township
October 10, 12pm-2pm
New Haven Township Hall
3027 S Warner Road
Sumner, MI 48889

Dallas Township
October 10, 12pm-2pm
Fowler Conservation Club
3580 S Wright Road
Fowler, MI 48835

North Shade Township
October 10, 5pm-7pm
North Shade Township Hall
8982 Roosevelt Road
Carson City, MI 48811

Westphalia Township
October 10, 5pm-7pm
Westphalia Township Hall
13950 Pratt Road
Westphalia, MI 48894

Lebanon Township
October 11, 12pm-2pm
Maple River Campground
15420 W French Road
Pewamo, MI 48873

Eagle Township
October 11, 12pm-2pm
Eagle Township Hall
14318 Michigan Street
Eagle, MI 48822

North Plains Township
October 11, 5pm-7pm
Hubbardston American Legion
165 Lincoln Avenue
Hubbardston, MI 48845

Oneida Charter Township
October 11, 5pm-7pm
Oneida Township Hall
11041 Oneida Road
Grand Ledge, MI 48837

ITC builds, operates and maintains more than 8,700 circuit miles of high voltage electric lines and 367 transmission substations throughout Michigan's Lower Peninsula. As the need grows for reliable, resilient power in Michigan, ITC – through its subsidiary Michigan Electric Transmission Company (METC) – is planning to construct and operate a new 345 kilovolt (kV) electric transmission line in your area.

This project is part of a larger Long Range Transmission Planning effort coordinated by the Midcontinent Independent System Operator, the regional system-planning organization covering 15 US states and the Canadian province of Manitoba, whose mission is to work collaboratively with stakeholders to plan a reliable and cost-effective power grid.

At the Open House, you can learn about the project in greater detail, ask questions and provide ITC with your comments. This will be an informal opportunity to talk with the project team about the planned work. No formal presentation will be given, so feel free to come and go as you are able. Light refreshments will be provided.

Unable to attend an Open House in person? From October 9th through November 9th, you can take an online tour through MIFutureGrid.com, where you can get more information, see a map of the project area, and provide comments.
